## **From Your Minister**

The above poster was advertising Jaws 2 back in 1978, and contains that famous tagline:

*Just when you thought it was safe to go back into the water...*

With the roll-out of COVID-19 vaccines and booster jabs, I think most of us were hoping that we had seen the worst of the COVID-19 pandemic. But along comes Omicron, and restrictions start to come back into force and will only probably get stricter in the New Year.

So how do we stay positive when the future looks bleak? Well, we focus our thoughts on higher things; we focus on hope. The Bible is full of passages which talk about hope...

*At least there is hope for a tree: if it is cut down, it will sprout again, and its new shoots will not fail.*

[Job 14:7 NIVUK]

*But God will never forget the needy; the hope of the afflicted will never perish.*

[Psalm 9:18 NIVUK]

*Be strong and take heart, all you who hope in the LORD.*

[Psalm 31:24 NIVUK]

Hope is something which allows us to live our lives with dignity and confidence.

I once had a church member who always lived 'under the circumstances' of life, and because of this, always had a dim view of the future. Often her future looked hopeless.

But we don't need to be living 'under the circumstances' because we have a hope, a hope in Jesus. This world, with its problems and stresses, is only part of our lives and our futures. In this world we will always have difficulties and issues. But Jesus gives us hope through what He tells us:

*I have told you these things, so that in me you may have peace. In this world you will have trouble. But take heart! I have overcome the world.*  
[John 16:33 NIVUK]

When we live lives focusing on hope, it helps us surf over the problems of life. We may still be buffeted, and at times even swamped, but we will not be defeated because we have a hope in Christ.

So, as we look into this New Year, look through the lens of hope, and your future will look so much brighter and full of hope.  
Happy New Year to you all!

Every blessing,

### **From the Editor**

I often wonder what to write about here. Usually something pops my head, and the morning of Boxing Day was no exception. As soon as the radio came to life, I was hearing about the death, aged 90, of The Most Reverend Desmond Mpilo Tutu OMSG CH<sup>2</sup> Emeritus Archbishop of Cape Town. When I was searching just now for an image of him, I was struck forcibly by the fact that every picture shows him smiling or laughing.

As well as being the best-known father (alongside Mandela) of the modern South Africa, he was also a man who joyfully radiated the message of Christ in everything he did. He was deeply committed to tolerance, democracy and inclusiveness. He believed and famously said:

---

<sup>2</sup> Order for Meritorious Service and Companion of Honour (but I'm sure you knew that)

*If you want peace, you don't talk to your friends. You talk to your enemies.*

The other think that struck me today was that Boxing Day is more formally know as the Feast of Saint Stephen. The book of Acts records that:

*Now Stephen, a man full of God's grace and power, performed great wonders and signs among the people. Opposition arose, however, from members of the Synagogue...but they could not stand up against the wisdom the Spirit gave him as he spoke.*

Acts 6: 8-9-10

The book of Acts goes on to describe how Stephen's listeners became frustrated at their inability to refute or silence him. Their response was to stone him. Despite this, Stephen prayed before he died:

*Lord, do not hold this sin against them.*

Acts 7:60

So the deaths of Desmond and Stephen are linked not just by a date. Wisdom rooted in faith, and an unquenchable desire to speak truth to power dominated both their lives. We can all try to be their legacy.

## **Puzzle of the Month<sup>3</sup>**

Getting this right will prove that although you may not flaunt it - you still have it. Doing it without a pencil and paper means you really have it

**Add together the number of days in August, September, and October. Divide by the number of cardinal points of the compass. Multiply by the number of zeros in 1 million. Subtract 2 dozen. Add together the digits in your answer. What is the final answer?**

- (a) 8      (b) 114      (c) 10      (d) 6

So now you're ready for the January sales. But can you answer this?

**Which is the better bargain: (a) Socks marked down 10% from the original price and then reduced an additional 40% or (b) the same socks reduced 50% from the original price?**

Marc McOwens writes:

*Dear Anne and Frank,*

*I am writing to you to express my immense thanks for all the support provided by you and your fantastic team at Highlands Methodist Church in making our Christmas concert on Friday 17 December another truly memorable evening. With everything that has been going on, it was extra special to be able to stage this event and it certainly got me into the festive spirit. This concert wasn't just enjoyed by all, but it was needed by all too and I can certainly count myself in that regard.*

*I cannot stress enough about Highlands Methodist Church being such a brilliant venue to come to with such a charming and pleasant atmosphere and that was clearly seen by yet another impressive audience who turned up to watch our Music School and Music Man students perform the favourite of not only our concerts of this festive period but probably the favourite concert we do all year. The immense appreciation shown by the audience for the talent of our students was a moving experience for me as well as to David and his team leading the concert.*

*Please accept my thanks and the thanks of Southend Mencap as a whole for the continued fantastic dedication and support provided by everyone at Highlands Methodist Church to the society and our*

*students. It really is immensely appreciated.*

*I wish you and everyone associated with Highlands Methodist Church a very happy and healthy Christmas and may 2022 be peaceful and prosperous for you all.*

*Warmest regards,*

### **Next to Godliness**

Another new face will appear at Highlands on Tuesday 4 January, but you'll need to be up early to encounter him. Gary Meddle is starting on a 3-month trial in the really important role of cleaner. Do say 'hello' if you meet him, and especially the first time, tell him who you are. If you have any particular issues around cleaning, do please mention them to any of the stewards or to Anne Lane.

### **Tuesday Prayer**

Did you know that the Prayer Group has continued to meet weekly throughout lockdown? No, it's not another government 'party' scandal; we have been using 'Zoom' for about 45 minutes from 9:00 am on a Tuesday, and greatly enjoying it. At the moment there are about 10 of us, but all are welcome. If you are interested in joining us, either regularly or for a special reason, contact any steward.

## **Highlands Hobbies**

Happy New Year to all our Highlands friends. Why not come and join us in the New Year? Jean 525250 Julie 479804

## **Highlands Toddlers**

Our thanks to all who attended the last session of the current term, and to Santa, for making the party so enjoyable. Thank you also to Les, David, Andrew S and Pauline for all your regular help.

COVID permitting, we shall re-open on 10 January 2022, 9:30 am to 11:30 am.

Happy New Year!

### **St Vincent de Paul Society of England and Wales**

A report by Andrew Saville

Andrew & Lesley Hyde requested that non-perishable food and provisions should be left by Highlands' members and friends in the Jubilee Room, during the four-week period from mid-November, to

be donated to the local unit in Short Street, Southend of the St. Vincent de Paul Society ('SVP'). These donations were supplemented by a similar quantity of consumables donated at the Highlands morning service on 12 December and transported by car to Southend.

SVP, as it is known, was set up nationally, motivated by the guiding principles of Christian charity. They seek to find those in need, to help them in a spirit of justice and tackle poverty where resources and volunteer labour make it possible.

The Southend unit is managed by a team of four headed by Daniel Cauchi who not only receive food, provisions, clothing and some furniture, all donated free of charge, but also dispense it via their industrial unit. It's a community support project for vulnerable people. The Southend hub is dedicated to changing lives through practical support, advice and friendship.

The service is tailored to the needs of individuals. They provide foodbank services, hot meals, outreach support, household items, clothing, counselling, dementia support and a befriending service. They also indicate to users where specialist organisations in the locality can be found. SVP Southend does not receive any financial support from the Southend City Council, which surprised and disappointed me.

On their website, they claim to be a busy hub and that was certainly the case when I paid a visit and was shown around. They receive produce from supermarkets, which has reached its sell-by date, and have storerooms containing clothes, shoes, and almost anything you could find in high street shops, labelled, and classified. Before Christmas they also had a present wrapping room.

In a coordinated way they visit the sick, support the homeless, comfort the bereaved, visit prisoners, feed the hungry, welcome the stranger and befriend the lonely. At the Kindness Kitchen they provide hot meals in the early evening on five days each week. This all depends on a good level of voluntary support. As you can imagine, the presence and risk of the COVID virus have certainly added to the challenge.

Their website is definitely worth a visit.

### **A Note from Your Treasurer**

A quick thanks to everyone who has been able to co-operate by sending less cash – and more electronic transfers – to me over the Christmas season.

Please keep up the good work. If you are handling cash that goes through church accounts and want some advice about how you can do it more efficiently and securely, please contact me.

## **Puzzle of the Month Solution**

- $31 \text{ (Aug)} + 30 \text{ (Sep)} + 31 \text{ (Oct)} = 96$
- $92 \div 4 = 23$
- $23 \times 6 = 138$
- $138 - 24 = 114$
- $1 + 1 + 4 = \underline{6}$

So **(d)** is the right answer.

For the socks **(b)** is the right answer. Suppose the socks were originally £10.

£10 dollars minus 10% is £9.00, minus an additional 40% is £5.40. £10 minus 50% is £5.00.

## **Poem of the Month**

This is part of a lyric from a song, *Anthem*, by Canadian songwriter Leonard Cohen (1934-2016).

Cohen was raised in Judaism, later explored Buddhism (to the extent of being ordained a Zen priest) but always professed himself Jewish. Also he wrote of Jesus:

*He may be the most beautiful guy who walked the face of this earth. Any guy who says 'Blessed are the poor. Blessed are the meek' has got to be a figure of unparalleled generosity and insight and madness ...*

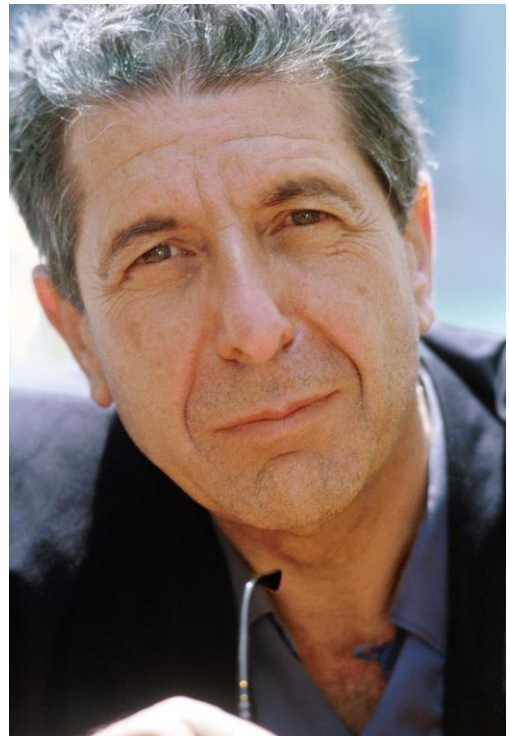

His theme here is that imperfection is natural and should be accepted. Good news for me...

### **Anthem**

The birds they sang  
At the break of day  
Start again  
I heard them say  
Don't dwell on what has passed away  
Or what is yet to be.

Ah, the wars they will be fought again  
The holy dove, she will be caught again  
Bought and sold, and bought again  
The dove is never free

Ring the bells that still can ring  
Forget your perfect offering  
There is a crack, a crack in everything  
That's how the light gets in.
